

## Now And Again

Daryle Singletary

I'm the kind a guy that gets to the point  
Don't beat around the bush when it comes to what I want  
You don't know me from a hole in the ground I realize  
But ever since you walked in tonight  
There's been something on my mind

I wanna love you right here  
Wanna love right now  
Burn that little black book  
I don't need it anyhow  
From this very minute to the one at the end  
I don't just wanna love you now  
I wanna love you now and again

Here it is baby, sink or swim  
So give yourself a minute just to let it all sink in  
Baby you are every tune I've been hummin'  
What do you say, let's cut to the chase  
I'm in the mood for some lovin'

I wanna love you right here'  
Wanna love you right now  
Burn that little black book  
I don't need it anyhow  
From this very minute to the one at the end  
I don't just wanna love you now  
I wanna love you now and again

I wanna love you right here  
Wanna love you right now  
Burn that little black book  
I don't need it anyhow  
From this very minute to the one at the end  
I don't just wanna love you now  
I wanna love you now and again  
I don't just wanna love you now  
I wanna love you now and again and again
