

A Proper Line

Daryll-Ann

Write me a line so I will know the proper place
And proper time write me a line
We never meet the words we write is all we need
And all we read
Show me sign so I will know that I am yours
And you are mine show me a sign
We never meet the words we write is all we need
And all we read
Write me a line so I will know the proper place
And proper time
Wake up the world, a lonely man will write again
A golden girl write me a line
They never meet the words we write is all they need
And all they read
