

Feverman

Das Pop

October
Centerfold
High on meat
Holy girl
Dreaming on
Chlorophorm
Marlboro
Give us hope
Cannonball
Drag us down
Feverman
Heating up
Come around
Safe and sound
Animal
Hospital
Save us from
Rock and roll
Lie about your future plans
Still put on your honest face
Boys like you can easely give up objectivity
Come around
Safe and sound
Holy sister
Care for us all
Clean our table
We've had enough
Holy sister
Care for us all
Hold our hair back
When we throw up
Archetype
To the light
Ivory
Nicotine
Worried sick
Paranoid
Ever so
Over joyed
Two more dats to learn it from the heart
Things were meant to be
Boys like you can easely give up objectivity
Come around
Safe and sound
Holy sister
Care for us all
Clean our table
We had enough
Holy sister
Care for us all
Hold our hair back back
When we throw up
