

# Neversleeper

Das Pop

I still feel the break of dawn  
No sleep, she's still glowing  
And i free the memory  
Always within reach  
Lights out  
Power shut  
Digits glow  
They count the moments  
She knows everything  
On the floor  
My room  
I know  
(baby i know)  
Only  
(only this time)  
This time  
Only  
(baby i know)  
Just this  
(only this time)  
One time  
And i breathe  
She inhales sea breeze  
I'm just breathing sportsocks  
Battledress on the floor  
This is my room  
I know  
(baby i know)  
Only  
(only this time)  
This time  
Only  
(baby i know)  
Just this  
(only this time)  
One time  
Neversleeper  
Tender strangler  
I still feel the break of dawn  
No sleep  
She's still glowing  
And i free the memory  
Always within reach  
Fast hands  
Sleepy hands  
My hands  
She knows everything  
On the floor  
This is my room  
I know  
(baby i know)  
Only  
(only this time)  
This time  
Only  
(baby i know)  
Just this

(only this time)  
One time.
