

Deep Ass Shit (You'll Get It When You're High)

Das Racist

This is some technique rap
It could be some stoner rap

Tried it a party and it was my thing
Paranoid, self-conscious, this is my thing
Greedheads and weed heads
Self-anointed street cred
Emaciated fools look at us and know that we fed
Weed edge

It ain't a hobby, dude, it's a lifestyle
Rap songs about weed, yo that's tight wild

Goo so green, it look like nickelodeon gak
I'm in a Cineplex Odeon burning in the back
Listening to Burning Spear
Taking trips to Burning Man
Told my dude I'd call him back when I'm done with burning, man
Burnt after reading the script for Burn After Reading

You say it's addictive, I say that's misleading
Lampin the basement, lamps for cross-breeding
Got a day job, I'll dirt, water, and feed them

Afgooey? My uncle's an Afghan
Light-skinned Hindu, dude, a real man's man
Yeah he grow that gan-gan
Right next to the poppies
Papi, I caught a whiff quick and tried to cop me
Uncloneable shit, that mean you can't copy
Then I broke bread, ate my lamb mad sloppily
Eyes slanted cause of Afghan goo

Afghan Goo for Himanshu
