

I Don't Want to Deal With Those Monsters

Das Racist

I don't want to deal with those monsters
I don't want to deal with those monsters
I don't want to deal with those monsters
All the muchachos call me Big Poppa
Me, I throw pesos they way
Like hey diddle diddle, got a fiddle in the middle
Of the banner now that's USA
That ain't my band
We ain't no Zac Brown
Haters need to shut up, log off, back down
Internet whine like Grigio or caps off
Fans all greet me with kudos and hats off
I don't want to deal with those monsters
I don't want to deal with those monsters
I don't want to deal with those monsters
Browns all bellow hi hello
Tim Meadows
Melello like jello
Rafael, Dala, bujello
Fake muslims white devils
Hello hello hello
Hello hell no hell no
Smell no evil
Evil people people people
Please save the air, save the trees
Whoever holds the cheese holds the keys
Vice v's
VAZ
See me, I ain't got to spell, you don't gotta read me
Get the R. Kelly tape - watch how I pee
I don't want to deal with those monsters
I don't want to deal with those monsters
I don't want to deal with those monsters
What's really Indian?
I don't feel American
That's probably why I be mixing up the medicine
Somehow the spice game
Remind me of the crack game
Remind me of the rap game
Remind me of Mack Maine
Chanel Coco
So close to me like K.C. & Jojo
Mami only f**k with FroYo PinkBerry Blackberry
Stat very moto mucho mucha cherry kambucha
Aye chihuahua chalupa ah hooaha
I don't want to deal with those monsters
I don't want to deal with those monsters
I don't want to deal with those monsters
