A shattered glass left a broken heart
A thousand miles and nowhere to start
But I won't let this pain deceive us, and hide this feeling
I can't break this love between us, we'll survive through healing

I won't waste, this, love, here tonight
And I'll embrace, this, love, here tonight, here tonight
And if I break, my, bones, in the fight
Feel the love inside us here tonight, here tonight
t

I won't waste, this, love, here tonight Feel the love inside us here tonight, here tonight t

Here tonight

Feel the love inside us here tonight, here tonight the here tonight tonight, here tonight tonight, here tonight tonight.

I won't waste, this, love, here tonight
And I'll embrace, this, love, here tonight, here tonight
And if I break, my, bones, in the fight
Feel the love inside us here tonight, here tonight, t

Here tonight

Feel the love inside us here tonight, here tonight t

I won't waste, this, love, here tonight Feel the love inside us here tonight, here tonight t
