

I Take Care

Dash Berlin

I take care, of your love
Baby don't worry, be happy

I take care, of your sun
I give you there, if you want play

I take care of you love
Don't be afraid, I'm ok

I take care of your sun
I'm not blind, it's not my time

I take care...
I take care...

I take care, of your love
Baby don't worry, be happy

I take care, of your sun
I give you there, if you want play

You shine like me, darling
Take by the wind

I take care of you love
Don't be afraid, I'm ok

I take care of your sun
I'm not blind, it's not my time

I take care...
I take care...

I take care...
I take care...

I take care...
I take care...

I take care, of your love
Baby don't worry, be happy

I take care, of your sun
I'm not blind, it's not my time

I take care...
