

No Regrets

Dash Berlin

Growing up is learning how to love and then you let it go
Then you let it go
Walking away from someone you had so close
You're back to being alone
You're back to being alone

How we're changing all time
But our memories never die
Throw our weight to survive
In the back of my mind
I'm re-tracing all my steps
I gave my heart, I gave my best
When I see you, I confess
When I think of loving you
I have no regrets

I have no regrets
I have no regrets
When I think of loving you, loving you
I have no regrets

I still smile when I think of you
But sometimes good things have to end
Good things have to end
I remember all the words you said
This doesn't mean we can't be friends
Doesn't mean we can't be friends

How we're changing all time
But our memories never die
Throw our weight to survive
In the back of my mind
I'm re-tracing all my steps
I gave my heart, I gave my best
When I see you, I confess
When I think of loving you
I have no regrets

I have no regrets
I have no regrets
When I think of loving you, loving you
I have no regrets

How we're changing all time
But our memories never die
Throw our weight to survive
In the back of my mind
I'm re-tracing all my steps
I gave my heart, I gave my best
When I see you, I confess
When I think of loving you
I have no regrets
