

Yesterday Is Gone

Dash Berlin

We're spreading out to fill the void
The world is rushing in
To change your life for polaroid

Captures us in time, in time, in time

I hope tomorrow brings a song for me
I hope tomorrow heals us all
Cause yesterday is gone
Cause yesterday is gone
Cause yesterday is gone
Cause yesterday is gone
Cause yesterday is gone
Cause yesterday is gone
We'll fan the flames and burn it down
I see you through green eyes

You'll change your mind
If a polaroid captures us in time, in time, in time
I hope tomorrow brings a song for me
I hope tomorrow heals us all

Cause yesterday is gone
Cause yesterday is gone
Cause yesterday is gone
Cause yesterday is gone
Cause yesterday is gone
Cause yesterday is gone
