

Bye Bye Bye

Dasha

[Intro]

One, two, three, four
Mm, ooh

[Verse 1]

So why'd I have to walk outside
And watch your green eyes catch the light?
I never touched a cigarette
But I bummed a smoke, said, "How you been?"
And talked until the sun was high

[Verse 2]

Ooh, I coulda run, you shoulda left
But my common sense ain't at its best
You're a walking talking pretty lie
And I can't learn this lesson twice
But you're not giving up quite yet

[Pre-Chorus]

Oh, 'cause here we go, you're back again
Where less than love is more than friends
And, oh, I gotta go

[Chorus]

So I said, "Bye, bye, bye"
I might die if I
Try and love you any harder
And I said, "Bye, bye, bye"
Man, I tried, but I
I can't love you any longer

[Verse 3]

Ooh, I rode my high down to my lows
Got lost here on a one-way road
And I haven't smoked since we met
But I still reek of cigarettes
Tryna get you out my clothes

[Pre-Chorus]

Oh, 'cause here we go, you're back again
Where less than love is more than friends
And, oh, I gotta go

[Chorus]

So I said, "Bye, bye, bye"
I might die if I
Try and love you any harder
And I said, "Bye, bye, bye"
Man, I tried, but I
I can't love you any longer

[Outro]

And I said, "Bye, bye, bye"
Bye, bye, bye, ooh
Bye, bye, bye, ooh
And I said, "Bye, bye, bye"
Bye, bye, bye, ooh

Bye, bye, bye, ooh
Bye, bye, bye
Bye, bye, bye
