

# Didn't I?

Dasha

[Intro]

One, two, one, two, three

[Chorus]

Didn't I swear you were dead to me?  
Didn't you scream that I had to leave?  
Didn't I slam your damn front door  
Sayin', "I ain't never gonna come back no more"?  
Didn't you drag my name through town?  
Didn't we take all the pictures down?  
So why am I here with your lips on mine?  
I coulda sworn I said this was over, didn't I?

[Verse 1]

Good mornin' to me, those are my jeans  
On a floor I know so well  
Don't know what to think, what day of the week  
All I know is, "What the hell?"

[Pre-Chorus]

We're backsliders, bad liars  
Wakin' up half-drunk, still tired  
Settin' everything we said on fire  
Mm, mm, mm

[Chorus]

Didn't I swear you were dead to me?  
Didn't you scream that I had to leave?  
Didn't I slam your damn front door  
Sayin', "I ain't never gonna come back no more"?  
Didn't you drag my name through town?  
Didn't we take all the pictures down?  
So why am I here with your lips on mine?  
I coulda sworn I said this was over, didn't I?

[Verse 2]

Said it was once, then it was done  
That we'd made our last mistake  
Lasted a month, now look at us  
My lipstick on your pillowcase

[Pre-Chorus]

We're backsliders, bad liars  
Wakin' up half-drunk, still tired  
Settin' everything we said on fire  
Mm, mm, mm

[Chorus]

Didn't I swear you were dead to me?  
Didn't you scream that I had to leave?  
Didn't I slam your damn front door  
Sayin', "I ain't never gonna come back no more"?  
Didn't you drag my name through town?  
Didn't we take all the pictures down?  
So why am I here with your lips on mine?  
I coulda sworn I said this was over, didn't I?

[Post-Chorus]

Didn't I, didn't I, didn't I, didn't I? Mm  
Didn't I, didn't I, didn't I, didn't I?

[Bridge]

When we gonna really mean it?  
Honey, when we say goodbye  
Right now, I just don't believe it  
Gotta make up our minds 'cause

[Chorus]

Didn't I swear you were dead to me?  
Didn't you scream that I had to leave?  
Didn't I slam your damn front door  
Sayin', "I ain't never gonna come back no more"?  
Didn't you drag my name through town?  
Didn't we take all the pictures down?  
So why am I here with your lips on mine?  
I coulda sworn I said this was over, didn't I?

[Post-Chorus]

Didn't I, didn't I, didn't I, didn't I?  
Yeah, didn't I, didn't I, didn't I, didn't I?
