Going Nowhere

Dasha

You're second guessing, for the second time tonight
It's a habit, you don't even know why
Asking questions, cause you doubt yourself inside

You been trying, are you tired, you been crying
Harder on yourself alone
Every night I'll take you home

When it gets cloudy you'll still have me in the palm of your hand
Promise I ain't going nowhere
I got your body you'll still haunt till the day that you can't
Promise I ain't going nowhere

I could never love nobody like I want you
And I don't plan on leaving and I
Promise I ain't going nowhere
When it's too heavy keep ya steady hold you up till you stand
Promise I ain't going nowhere

Harder to see it, when you can't see it in yourself
Only believe it when it's coming from someone else
So let me be there, I'll take your worries make them well

You been trying, are you tired, you been crying
Harder on yourself alone
Every night I'll take you home

When it gets cloudy you'll still have me in the palm of your hand
Promise I ain't going nowhere
I got your body you'll still haunt till the day that you can't
Promise I ain't going nowhere

I could never love nobody like I want you
And I don't plan on leaving and I
Promise I ain't going nowhere
When it's too heavy keep steady hold you up till you stand
Promise I ain't going nowhere

I promise I ain't going nowhere
I promise I ain't going nowhere
I promise I ain't going nowhere
I promise I ain't going nowhere

Baby I promise, baby I gotcha
Have you forgotten
I promise I ain't going nowhere
Baby I promise, baby I gotcha
Have you forgotten
I promise I ain't going nowhere

When it gets cloudy you'll still have me in the palm of your hand
I promise I ain't going nowhere
I got your body you'll still haunt till the day that you can't
Promise I ain't going nowhere

I could never love nobody like I want you
And I don't plan on leaving and I

Promise I ain't going nowhere
When it's too heavy keep steady hold you up till you stand
Promise I ain't going nowhere
