

Be Alright

Dashboard Confessional

You turned your shoulder and looked back at me
Thanked me for my blind belief
You said "I'll be going for a little while"
There's no need to tell me so don't even try
Don't ever wonder if you're on my mind

Oh oh oh, gonna be alright
Oh oh oh, gonna be alright
Oh oh oh, gonna be alright
Oh oh oh, gonna be alright

Each of us, we got a dream to chase
Wouldn't have it any other way
We're stronger by far from the risk we take
No, we ain't the kind to play it safe
No, we ain't the kind to play it safe

Oh oh oh, gonna be alright
Oh oh oh, gonna be alright
Oh oh oh, gonna be alright
I know oh oh, gonna be alright

This place will slowly disappears
As I write to you from here
When it was long, it pinned your hair
You placed it right behind my ear
It said if I write you every night
Then oh oh oh, it's gonna be alright

Oh oh oh, gonna be alright
I know oh oh, gonna be alright
I know oh oh, gonna be alright
I know oh oh, gonna be alright
