

Several Ways to Die Trying

Dashboard Confessional

Pacific sun, you should have warned us, it gets so cold here
And the night can freeze, before you set it fire
And our flares go unnoticed, diminished
Faded just as soon as they are fired
We are, we are intrigued
We are, we are invisible

Oh, how we've shouted, how we've screamed
Take notice, take interest, take me with you
But all our fears fall on deaf ears

Tonight, they're burning the roads they built to lead us to the
light
And blinding our hearts with their shining lies
While closing our caskets cold and tight
But I'm dying to live

Pacific sun, you should have warned us, these heights are dizzy
ing
And the climb can kill you long before the fall
And our trails go unmarked and unmapped and
Covered just as soon as they are crossed
We are, we are intriguing
We are, we are desirable

Oh how we've shouted, how we've screamed
Take notice, take interest, take me with you
But all our fears fall on deaf ears

Tonight, they're burning the roads they built to lead us to the
light
And blinding our hearts with their shining lies
While closing our caskets cold and tight
But I'm dying to live

Oh how we've shouted, how we've screamed
Take notice, take interest, take me with you
But all our fears fall on deaf ears

Tonight, they're burning the roads they built to lead us to the
light
And blinding our hearts with their shining lies
While closing our caskets cold and tight
But I'm dying to live
