

Ey, ey, ey

Back at it, I'm so back at it  
All those lames won't ever blur my lane again  
Pathetic, yo, was pathetic  
No more shame, no, I feel like the man again  
Back at it, I'm so back at it  
All those lames won't ever blur my lane again  
Pathetic, yo, was pathetic  
No more shame, no, I feel like the man again

I lost all faith in me and my team  
Now I'm about to regain it  
I fought a beast deep inside of me  
And it turned out, I could tame it  
Now I'ma go Jinchūriki, yeah  
Enough of the fakin'  
Enough of the blamin', I go all-in and take it, yeah  
Fuck your plot and fuck your scheme and  
If you've got a problem with me  
Come to me and tell it to my fuckin' face  
I've been humble, I've been decent  
I just want to live and feel  
I know y'all pesky motherfuckers can't relate (can't relate)  
I'm so done with projectin' things now  
Got enough projectories now  
I'ma brought the best out of me now  
Feel like I know what's my destiny now  
Bitch, I'm gon' pass any test and you know  
Still wanna laugh? Then come laugh at me now (shkurr)  
I'll make sure y'all leave embarrassed and bowed (shkurr)  
Hand me the crown, I wear this shit now, ey

Plastic, y'all so plastic  
And the last thing  
I want is you to claim what I gave  
(You won't claim what I gave)  
Passive, I was so passive  
But now I'm blastin'  
Through anything you place in my way  
(Better get out my way)

Back at it, I'm so back at it  
All those lames won't ever blur my lane again  
Pathetic, yo, was pathetic  
No more shame, no, I feel like the man again  
Back at it, I'm so back at it  
All those lames won't ever blur my lane again  
Pathetic, yo, was pathetic  
No more shame, no, I feel like the man again  
Back at it, I'm so back at it  
All those lames won't ever blur my lane again  
Pathetic, yo, was pathetic  
No more shame, no, I feel like the man again
