

Baby, you don't have to worry
About a thing
Put your arms around my shoulder my sweet darling
You're the one and only
Pretty little thing
As you keep on growing older I'll treat you like a queen
You're my baby, you're my pearl
I'm your knight in shining armor I'll
Protect you from the world
My little lady, my little girl
You're the reason that the sun is shining brighter

Oh, you make me feel alive (alive alive)
You're the rainbow in my life (alive alive)
My best friend, my little child (alive alive)
My little child, oh, you make me feel alive
(Alive alive)

You don't have to hurry
Don't grow to fast
Let me cherish every minute to make it last
'Cause you mean the world to me
I'm home at last
You have change my life forever, no more living in the past
Cause you're a lady, in a man's world
Oh, the planet that we're living on ain't friendly for a girl
My little baby, my little girl
You're the reason why I'm trying to be better

Oh, you make me feel alive (alive alive)
You're the rainbow in my life (alive alive)
My best friend, my little child (alive alive)
My little child, oh, you make me feel alive
(Alive alive)

Oh, you make me feel alive (alive alive)
You're the rainbow in my life (alive alive)
My best friend, my little child (alive alive)
My little child, oh, you make me feel alive
(Alive alive)

Oh, you make me feel alive
Always have you on my mind
I'll get better everyday
Life is hard but I'll make it easy

Oh, you make me feel alive
Always have you on my mind
I'll get better everyday
Life is hard but I'll make it easy
