

## New Ways

Daughter

Worst I bring  
I have a dirty mind  
Oh, I need, I need new ways  
To waste my time  
I need new ways

Worst I bring  
I live alone, alone, alone  
Worst I face  
Keep it inside

I need new ways to waste my time  
I need, I need new ways

I'm trying to get out  
Find a subtle way out  
Not just cross myself out  
Not just disappear

I've been trying to stay out  
But there's something in you  
I can't be without  
I just need it here

I'm trying to get out  
Find a subtle way out  
Not to cross myself out  
Not to disappear

I've been trying to stay out  
But there's something in you  
I can't be without  
I just need it here

Oh I need  
New ways to waste my time  
I need new ways  
To waste my time  
I need new ways  
To waste my time
