

# Desperation

Daughtry

State of the mind  
State of the blind collective  
Desperation calls for peace  
Desperate times  
Freedom denial  
Free the child, the captive  
Liberation taunts the thief  
And paradise  
Comes down to the level  
Come down  
Desperation calls  
Desperation calls for...

Love to come and lead us home  
Love is gonna mend these bones  
Desperation calls for love  
Desperation calls for...  
Love  
Love

Stray from the hive  
And pray to survive the masses  
All hail, here comes the queen  
The paradigms  
Break down if you let em  
Break down  
Desperation calls  
Desperation calls for...

Love to come and lead us home  
Love is gonna mend these bones  
Desperation calls for love  
Desperation calls for love

Ready or not, yeah  
Ready or not, yeah  
A change is gonna come  
It's gonna come  
And like it or not, yeah  
Like it or not  
We gotta break the walls  
Oh oh oh

Desperation calls for love

Oh  
Love is gonna lead us home  
Love is gonna mend these bones  
Desperation calls for love  
Desperation calls for...  
Love  
Love to come and lead us home  
Love is gonna mend these bones  
Desperation calls for love  
Desperation calls for love
