Evil

Daughtry

Oh God got a feeling
I got a feeling
And it's a bad one
I'm lost in a season
In a season
And it's a mad one

Yeah oh my God it's raining
Yeah old blue sky is grey
Yeah it's deadly how you do
What you do for love
What you do for love yeah

Taking me to the dark side of life
And it's evil
Evil
Giving me bad vibes inside
And it's evil
Evil
Way down below
Only heaven knows
Laying where the demons lie
Taking me to the dark side of life
And it's evil
Evil

Oh the devil got a feeling
Got a feeling
And it's a good one
She got her own rhyme and reason
Got a reason
And it's a cold one

Well oh my God it's raining
It's driving me insane
Ain't it deadly how you do
What you do for love
What you do for love yeah

Taking me to the dark side of life
And it's evil
Evil
Giving me bad vibes inside
And it's evil
Evil
Way down below
Only heaven knows
Laying where the demons lie
Taking me to the dark side of life
And it's evil
Evil

And I fell for your wicked games
That I can't win
So I wear these chains

You're taking me to the dark side of life

```
And it's evil
Evil
Giving me bad vibes inside
And it's evil
Evil
Way down below
Only heaven knows
Laying where the demons lie
You're taking me to the dark side of life
And it's evil
Evil
```
