

Terrified

Daughtry

It'll wait to hide
It's creeping up, I feel it come to life, yeah
Well, it's feeding time
The blood is taking over my devices (Yeah)
And I'm paralyzed as it tears me apart (Yeah)
And it's no surprise I'm so scared of the dark now

Oh, my
I'm fucking terrified
Of what, lies
Inside of my own mind
I can't stop the beast from coming out of me
I can't lie
'Cause I'm fucking terrified

It's like a creaking door that opens up in the masses
A shiver so cold, leaves a chill down my spine
It's a different kind of scary, and it's going too far
When the monster that you made me is afraid of the dark

Oh, my
I'm fucking terrified
Of what, lies
Inside of my own mind
I can't stop the beast from coming out of me
I can't lie
'Cause I'm fucking terrified

So where do I go?
Where do I go from here?
When what's in my mind is all of the darkness I'm feeling?

Oh, my
I- I'm terrified
Of what, lies
Inside of my own mind
I can't stop the beast from coming out of me
I can't lie
'Cause I'm fucking terrified, oh

Oh, my
Oh, my
Oh, my
Oh, my
Ah, I'm fucking terrified
