

# The Bottom

Daughtry

LYRICS:

I had a reason, I felt it in my bones  
I lost my grip when the darkness took a hold of me  
(of me, of me)  
Can't breathe (I think I'm suffocating)  
I had the best of intentions 'till the fall  
A downward spiral as far as I could go, so deep...  
(so deep, so deep)  
Down so deep... (down so deep)  
Buried under the stone (ooh-o-ooh)  
A name without meaning  
A life with no feeling  
Left to die alone (ooh-o-ooh)  
Well the body's still breathing  
Soul that was bleeding!  
I was dead and gone  
Lost and forgotten  
I was living like a ghost,  
With no hope of crossing over  
I was down in a hole  
'Till I clawed my way back from the bottom! (from the bottom)  
I had a purpose, I let it go to hell  
I used up every excuse to sabotage myself  
(myself, myself)  
I blame no one else  
(no one else, no one else)  
No lies that I been told (ooh-o-ooh)  
A kiss and a promise  
This beautiful garden, turned into catacombs (ooh-o-ooh)  
Well the body's still breathing,  
My heart is still beating! Yeah-e-yeah!  
I was dead and gone  
Lost and forgotten  
Living like a ghost,  
With no hope of crossing over  
I was down in a hole  
'Till I clawed my way back from the bottom!  
Back from the bottom!  
Oh!  
I was dead and gone (dead and gone)  
Lost and forgotten  
Living like a ghost,  
With no hope of crossing over  
I was down in a hole  
'Till I clawed my way back from the bottom!  
Ooh, woah  
I was down in a hole  
'Till I clawed my way back from the bottom!  
Woah, back from the bottom  
BACK FROM THE BOTTOM!
