

## Used To

Daughtry

**E**

1. You used to talk to me like  
I was the only one around.

**A**

You used to lean on me like  
The only other choice was falling down.

**E**

You used to walk with me like

**A**

We had nowhere we needed to go,

**B**

**A**

**B**

Nice and slow, to no place in particular.

**E**

R: We used to have this figured out;

**Es/B**

**A**

We used to breathe without a doubt.

**B**

When nights were clear, you were the first star that I'd see.

**E**

We used to have this under control.

**Es/B**

We never thought.

**A**

We used to know.

**B**

At least there's you, and at least there's me.

**A**

Can we get this back?

**B**

**E**

Can we get this back to how it used to be?

**E**

2. I used to reach for you when

**A**

I got lost along the way.

I used to listen.

**E**

You always had just the right thing to say.

I used to follow you.

**A**

Never really cared where we would go,

**B**

**A**

**B**

Fast or slow, to anywhere at all.

R:

**E**

I look around me,

**A**

And I want you to be there

**A**

-

**B**

'Cause I miss the things that we shared.

**E**

Look around you.

**A**

It's empty, and you're sad

**B E**

'Cause you miss the love that we had.

**E**

You used to talk to me like

**A**

I was the only one around,

**B A**

The only one around.

R: +

**A B**

To how it used to be

**E Es/B**

To how it used to be, yeah.

**A B**

To how it used to be

**E**

To how it used to be.
