

## No Worries Mija

Dave Alvin

No Worries Mija, everything will be fine  
I'm gonna make us some money doing a drive cross the borderline  
It's a favor for a friend and it shouldn't take much time  
So No Worries Mija, everything will be fine

No Worries Mija, 'cause I've done this job before  
And it's probably for the best if I don't tell you anymore  
But it won't be too long now and I'll be standing back at your door  
So No Worries Mija, 'cause I've done this job before

No Worries Mija, little one don't cry  
Yeah, there may be some trouble, honey, I won't lie  
But I would do anything to stay right right by your side  
So No Worries Mija, little one don't cry

No Worries Mija, everything will be fine  
I'm gonna make us some money, now let me kiss you goodbye  
And if anything should happen, please remember you'll always be mine  
So No Worries Mija, No Worries Mija  
No Worries Mija, you will always be mine
