

Barbara

Dave Barnes

The room was kinda smokey
She was singing karaoke on Tuesday night
It was paradise city
She was looking so pretty in those jeans so tight

She carried on my wayward son
We locked eyes and I was done
It was getting purple hazy
She was driving me crazy

Barbara
How can my heart go on?
When you're looking so marvelous
I wanna rock ya til the PM Dawn
Give me one reason to don't stop believing tell me can you feel
the love tonight

She caught me off guard when she grabbed my arm said duet with
me
We had that Dolly and Kenny chemistry on our island in the stre
am
I was strong enough to be her man, but all she wants to do is d
ance
She said she'll call me maybe
She was driving me crazy

Barbara
How can my heart go on?
When you're looking so marvelous
I wanna rock ya til the PM Dawn
Give me one reason to don't stop believing tell me can you feel

Ain't no mountain high enough
To keep me away from Barbara

Barbara
How can my heart go on?
When you're looking so marvelous
I wanna rock ya til the PM Dawn
Give me one reason to don't stop believing tell me can you feel
the love tonight
Give me one reason to don't stop believing that there's somethi
ng in the air tonight
