More Than A Man

Dave Barnes

I should first apologize
Cause I've done nothing but I'll do something
The good in me gets bad sometimes
But I don't mean it
I'll never mean it

Don't give up on me
Baby please believe

Cause I'll be more than a man for you
I'll do anything you ask me to
Heartache or heaven
Baby I will, pursue
More than a man for you

I'll try to name you deity
We all want something
I'm missing something
It Just explains the lack in me
Where I need you
And how I need you

So don't give up on me
Baby please believe

Cause I'll be more than a man for you
I'll do anything you ask me to
Heartache or heaven
Baby I will, pursue
More than a man

There's a war inside my
Heart and mind
Between the hope ahead and sin behind
All I ask, you believe in me

I should first apologize.
