

# Remember That I Love You

Dave Barnes

From the moment that I first held you  
I knew some day I'd have to let you go  
I woulda stayed there forever  
But there's some things a heart just knows  
I've been begging the seconds, the minutes  
Always asking them to take their time  
Wanna make some memories before you leave  
While you're still mine  
And when it's time...

Whichever way the wind in your wings blows  
Whichever way the dream in your heart goes  
Whatever you do remember that I love you  
When the world around you keeps changing  
Feel like you can't keep your heart from breaking  
Whatever you do remember that I love you  
I love you

I wanna show you the life worth living  
Try to keep you from mistakes I've made  
Tell you all about Jesus  
The streets of gold we'll walk some day  
Hear me say, yeah

Whichever way the wind in your wings blows  
Whichever way the dream in your heart goes  
Whatever you do remember that I love you  
When the world around you keeps changing  
Feel like you can't keep your heart from breaking  
Whatever you do remember that I love you  
I love you

Can you just keep falling, falling  
Don't know which way to go  
You come out of the road just walking  
They all lead back home

Whichever way the wind in your wings blows  
Whichever way the dream in your heart goes  
Whatever you do remember that I love you  
When the world around you keeps changing  
Feel like you can't keep your heart from breaking  
Whatever you do remember that I love you  
I love you

I'll always be here for you  
I love you
