

# Sunshine

Dave Barnes

Sunshine makes me feel so good  
Sunshine feeling like I should

I woke up this morning  
Sunshine laying on my bed

Couldn't help but smile I  
Had this song inside my head

Goodbye to clouds, goodbye to rain  
Hello again to sunny days

Sunshine makes me feel so good  
Sunshine feeling like I should

I found a dollar in my pocket  
And another blowing in the breeze

Kinda got that feeling  
Heavens smiling down on me

Goodbye to clouds, goodbye to rain  
Hello again to sunny days

I wish that it would stay this way  
That it would never change  
What good is a sunny day  
If you've never seen some rain

Sunshine makes me feel so good  
Sunshine feeling like I should

Goodbye to clouds, goodbye to rain  
Hello again to sunny days

Goodbye to clouds, goodbye to rain  
Hello again to sunny days
