We Know The Way Back Home

Dave Barnes

```
I don't mind, I don't mind
Love's gonna take its time
We don't know what we don't know
But it's gonna be alright

I'll follow you
Down where the road
It splits in two
And if we get lost
It's me and you
And we know the way back home

You don't mind, you don't mind
How the road is bound to wind
It'll go where it goes
We're gonna be alright

I'll follow you
Down where the road
It splits in two
And if we get lost
It's me and you
And we know the way back home

What of the sun and all its shadows
If not for clouds who'd watch the sky

I'll follow you
Down where the road
It splits in two
And if we get lost
It's me and you
And we know the way back home

We know the way
```
