

# Why?!!

Dave Davies

I'm just sitting here wondering why?  
(And another please)  
I'm just sitting here wondering why?  
Why are their stars, what is the moon, why are you here  
I'm just sitting here wondering why?

Why, why, why why why  
Why am I asking you?  
Why, why, why is the sky  
Black and then it's blue?

Well you got a new house  
And you got a new car  
But you can't buy everything  
And you cry, cry, cry  
'Cause you're not satisfied  
And you're wound up like a spring  
'Cause you can't have everything  
And you're wound up like a spring

I'm just sitting here wondering why?  
Got a new car have you?  
Straighten your tie  
Oh, I'm just sitting here wondering why?

Rationality, punctuality  
Analytical, so typical  
Scientifical, political  
So ordinary, extraordinary  
[?] chemical, so logical  
Octagonal, woo

I'm just sitting here wondering why?  
Oh, I'm just sitting here wondering why?  
Press me new suit, tuck in me shirt  
Straighten my tie

Why, why, you try and you try  
Still you pray for more  
You don't understand why it didn't go as planned  
And you think your reasoning's flawed  
Why, why, why why why why  
I really don't know it all  
You see, reason doesn't know what your heart already  
knows  
So there is no "why" after all

Why do think that you always need to think  
Trying hard to justify  
To achieve and achieve  
Always greed, greed, greed  
I really don't know why  
Why, why, what is this [?]  
What is this, question time?

(One two three four)  
I'm just sitting here wondering why?

(Keep going)  
I'm just sitting here wondering why?  
Press me new suit, tuck in me shirt  
Straighten my tie  
(Three four)  
Oh, I'm just sitting here wondering why?  
Got a new car, have you?  
Straighten your tie, what's the matter with ya?  
I'm just sitting here wondering why?

What time do you call this, then?  
Been picking up[?] 'ave ya?  
Where ya been? What ya doin'? Who ya been wit? Where ya  
been?  
(Eyes front!)  
Where ya been? What ya doin'? Who ya been wit? Where ya  
been?  
(Hup, two, three, four)  
Where ya been? What ya doin'? Who ya been wit? Where ya  
been?  
(Hup, two, three, four)  
Where ya been? What ya doin'? Who ya been wit? Where ya  
been?  
(Hup, two, three, four)  
Where ya been? What ya doin'? Who ya been wit? Where ya  
been?  
(Hup, two, three, four)  
(Hup, two, three, four)  
(Hup, two, three, four)  
(Hup, two, three, four)
