

# All My Life

Dave Days

I've been waiting for this all my life  
Standing on the cliff I want to jump right now  
This is it just commit let go  
Cause' where we're going we don't need no roads so  
Free fall and grab it's my time to have it  
I got this feeling I got the magic  
There'll come a day when the whole world knows  
Just give this seed a little time to grow

I've been waiting for this all my life my life  
Used to dream now I open my eyes my eyes  
I've been waiting for this all my life my life  
I've been waiting for this I've been waiting

All my life my life

I forgot what the sunlight looks like  
Working all day double down all night  
I can run the world when I'm in my zone  
So if you really love me then leave me alone  
And get back to my business came here to win it  
No I won't stop till' I cross the finish  
Always had a feeling we would make it somehow  
Ain't no surprise that it's all mine now

I've been waiting for this all my life my life  
Used to dream now I open my eyes my eyes  
I've been waiting for this all my life my life  
I've been waiting for this I've been waiting

I've been waiting for this all my life my life  
Used to dream now I open my eyes my eyes  
I've been waiting for this all my life my life  
I've been waiting for this I've been waiting

I've been waiting for this all my life my life  
Used to dream now I open my eyes my eyes  
I've been waiting for this all my life my life  
I've been waiting for this I've been waiting
