

# Better Man

Dave Days

I wanna be a better man than I was last night  
Better man for you tonight  
Better man than I was last night  
If it takes me all my life  
Better man than I was last night  
Better man can I make this right  
Better man than I was last night  
If it takes me all my life

## Tragedy

Here we go again it's always happening  
2 A.M. I'm drunk again and you're mad at me  
Another good night that I ruined with a fight that I didn't mean  
What's wrong with me  
What's wrong with me

And I say I'm sorry but  
Then you call my bluff  
It won't ever be enough  
It won't be enough

I wanna be a better man than I was last night  
Better man for you tonight  
Better man than I was last night  
If it takes me all my life  
Better man than I was last night  
Better man can I make this right  
Better man than I was last night  
If it takes me all my life

## Therapy

If that would work I'd go afraid of what I'd see  
These empty cans and words I can't take back just bleed  
Now you're crying again and I'm passed out in bed  
Don't deserve you and me  
Don't deserve you and me

And I say I'm sorry but  
Then you call my bluff  
It won't ever be enough  
It won't be enough

I wanna be a better man than I was last night  
Better man for you tonight  
Better man than I was last night  
If it takes me all my life  
Better man than I was last night  
Better man can I make this right  
Better man than I was last night  
If it takes me all my life  
I wanna be a better man  
I wanna be a better man  
It won't ever be enough  
It won't be enough
