

My Daxflame Song

Dave Days

Oh you make me laugh
All of the time
When you got stuck in your chair
I fell off mine!

And I hate it when the haters
Hate on you
The funny thing is that
They subscribe to you!

[CHORUS:]
Daxflame is NOT retarded
He MAY act a little strange
But that's why we all love him
If you had your own show
Everybody would go!
When I watch you I don't feel so alone

From STF mom to fillet mignon
You're my homepage when Mozilla turns on!
And I hope this song doesn't offend you
Because that is one thing I could never do!

[BACK TO CHORUS]

STF mom! (STF mom) [X4]
STF mom!
