

Right for Me

Dave Days

This love came so quickly
No one said it would be easy
We had our faults and I had my doubts
But I don't want anyone else

One day we're up next day we're down
I get so lost but you're so sound
Heart in too deep, mind can't agree
I left you in the dark.

And now I'm all alone
Yeah I freaked out
And let you go
These memories come down crashing
Making sense of my actions
I was wrong, but now I know
You were right for me

Flashbacks haunt me every night
I try to call you but you won't give the time
We're perfectly imperfect wishing upon the stars
I can't stop wondering where you are

If it's too late I understand
I broke your heart I should have been a better man
If you'd stay, I'd show you I am
But could you fall in love again (Tell me could you fall in love)
But could you fall in love again (Is this the end?)

That I'm all alone and it's too late I let you go
