

# Hard To Love You

Dave Dee, Dozy, Beaky, Mick & Tich

You walk right by  
head held so high  
can't you see why  
it's so hard to love you  
it's so hard to love you

Nights are lonely  
You don't phone me  
Just to show me  
it's so hard to love you  
It's so hard to love you  
it's so hard to be your kind of guy  
But I'll try, and I'll try, and I'll try.

Must this go on  
it's been so long  
You know you're wrong  
it's so hard to love you  
it's so hard to love you  
it's so hard to be your kind of guy  
But I'll try, and I'll try, and I'll try.

You turn up late  
so should I wait  
You don't talk straight  
it's so hard to love you  
It's so hard to love you

You walk right by  
head held so high  
can't you see why  
it's so hard to love you  
it's so hard to love you  
it's so hard to be your kind of guy  
But I'll try, and I'll try, and I'll try.
