

Whaling

Dave Dobbyn

sing bravo bravo - you're a brave brave man
i know it's just bravado - you never sink 'cause you
swim
and when your ship can't handle the heavier seas
your spirits will get you through
no down on bended knees
you sing 'save me- save me' - save me from myself
i'm the first to get trigger happy - the first to think
of my own health
cos i'm oh i'm whaling
out on the green - i'll never get used to the sea
but i'm whaling - manning my harpoon
not where i wanted to be - i'm whaling
i feel like jonah - never meaning you no harm
but i'm whaling - next port of call- back in my sweet
baby's arms
in a room - close - savouring our love while we got
rest and recreation
ooh you sing bravo bravo - save me from myself
i'm the first to get trigger happy - the first to think
of my own health
cos i'm oh i'm whaling
out on the green - i'll never get used to the sea
but i'm whaling - manning my harpoon
not where i wanted to be - i'm whaling
i feel like jonah - never meaning you no harm
but i'm whaling - next port of call- back in my sweet
baby's arms
in a room - close - savouring our love while we got
rest and recreation
