Going Back (To My Baby)

Dave Dudley

```
Going back to my baby I'm leaving today
Gotta get back to my baby no more cryin' night and day
One way ticket on a one way track I ain't takin' time to pack
Going back to my baby right away
Going back to my baby I'm leaving today
Been so lonesome for my baby ever since I went away
Leaving worries behind gotta make up for all time
Going back to my baby right away
Going back to my baby I'm leaving today...
```
