

## I Lived For A While

Dave Dudley

My life began when I met you I lived while I was with you  
Then died when you told me goodbye  
Yes I died when you told me goodbye but I lived oh yes I lived  
for a while  
Loving you was so nice like paradise tender warm and so real  
Then mem'ries from the past made you believe it couldn't last  
Now you're gone oh but I lived for a while

Loving you was so nice...  
Now you're gone oh but I lived for a while
