Wha' gwan?

You sold drugs to make it happen, I respect you  
Know some parents might neglect you  
Never treat you like you special  
Mcdonalds I had 3 for 20, meet me by the restroom  
Now I'm in a condo in Biscayne, it got the best view  
I see the ocean  
Exotic climates got me ashy, Imma need some lotion  
To really make it out the trenches you gonna need devotion  
Dedication ain't valued like it's supposed to be  
Got post traumatic stress disorder, so watch how you approaching me  
Overseas they treat me like I'm Lenny Kravitz  
Foamposite addict, if you see the Penny's grab em  
We at Diddy's mansion, I'm asking him questions about Mase and Big  
Nothing been in it for a minute, I'll make you hate your fridge  
Flamboyant like Big L, smoking a L on Lenox  
Right in front of Minnasink, the streets will give you real instincts  
Real niggas they been extinct, open that bag and I bet the building stink  
Harry Fraud provided the wave, I'm just trying to feel the breeze

I have the most brilliant lawyers, and heres what they said

You bust your gun to feed your family, I respect you  
I just came up on some racks, ain't gotta sneeze for me to bless you  
When your Rollie cost a house, niggas ain't living they try to test you  
Might have knew you all my life, lately I wish I never met you  
I been walking on the beach, Dior slippers with the sand on em  
I was out of town, I put my man on em  
He had a couple grams on him, you ran on em  
If you talk about that shit just stand on it  
Been all about a bag, Cali swag, pull up w Vans on  
Everything I do is for the family, understand me  
NYPD trying to jam me, I been trying to win a Grammy  
I'm Investing in stocks, no longer investing in the block  
The one you helping, be the next one to plot  
So I while they talking I watch  
Casamigos vibes, me and my guys  
Now we just talk over shots  
I peeped the cops, that made me park up the block  
That shit look hot, Momma used to cop the shit she was affordin'  
And I just keep coming back out like Jordans, now I'm important  
I just pray you ain't infoming, just gave 60 to my lawyer

When you're giving interviews, I read [?]

Often somebody without the best past problem with the law, and you say all I  
have to say about that is the court threw that case out  
(That's right) Strange to say that I hoped you would go to prison in those d  
ays

No I understand what you're talking about, the media made me look as though  
I was probably one of the biggest goons  
That ever took place in this country, and that I was some kind of an illiter  
ate bum
