[Verse 1]

I be with the shits, popped a percocet now my body itch  
Hit the lobby quick, pitch it in the open get what I can get  
Task force, DTs, gang units, tell 'em suck a dick  
They ain't got a check, I ain't showing up  
I think I'm the shit, couple yellow mix, pineapple Fanta work  
Your man got a job, catch your man at work  
My youngin get hyped off his hammer work  
You think you religious get jammed at church  
God blessin' all the trap niggas  
I be in the trap, I don't know too many rap niggas  
Playing dummy got me like a mummy, we can rap niggas  
My youngins starting arguments just to clap niggas  
My man down south on this swipe shit  
Running up in Macy's with a white bitch  
She got a coke habit, love the white sniff  
Todd showed me how to cook it up with my right wrist  
Arm & Hammer baking soda in my left wrist  
Thinking that you taking this, that's a death wish  
We in sacks, I ain't asking what the price is  
Blue and whites right behind me, take the exit  
Slow down

[Verse 2]

I'm with the dumb shit  
Trapping and rapping I'm still out here hustlin'  
Might have not been on the freshmen cover  
But I got some caddies and they love me  
Bag it up and burn the tip  
In the truck, I got your bitch, yes she think I'm rich  
I ain't talking Porter, pull up in a foreign  
Probably with your daughter, older nigga sick  
I don't care bout you used to get it

You can use to have her shit, I used to hit it  
Only want it if my crew can get it  
I been to committed, copped a new extended  
So this ammo ain't never gon' run out  
Xanny inside me, I dumb out  
I'm the one they talk about when I come out  
Fresh up out the studio to the drunk house  
If I'm pitching hitters all in the dugout  
I ain't tryna hit it cause I already dug out  
Knew he in the spot I'ma get him when he come out  
My bitch got the drop, run up on him with a tongue out  
Licking her lips, now she got him ready to trick  
Take her out on trips, told her meet her on the strip  
Niggas hopped up out a whip, hit that nigga with some shit  
Thanks baby
