

# Ghost

Dave East

(Hook)

I float through the streets like a ghost  
I have dreams of me driv'in a ghost (ghost)  
They owe, them niggas get ghosted  
The reason these niggas get smoked (smoke)  
Came up in the hood I was broke  
No crack dealer to sell at them soap (rope)  
Hundreds of dollars of smoke this the life that I know (Ah!)

I float through the streets like a ghost  
I have dreams of me driv'in a ghost (ghost)  
They owe them niggas get ghosted  
The reason these niggas get smoked (brrrr)  
Came up in the hood I was broke  
No crack dealer to sell at them soap (yeah)  
Hundreds of dollars of smoke this the life that I know (I know)

I float through the streets like a ghost  
I have dreams of me driv'in a ghost (ghost)  
They owe them niggas get ghosted  
The reason these niggas get smoked (smoke)  
Came up in the hood I was broke  
No crack dealer to sell at them soap (Ah!)  
Hundreds of dollars of smoke this the life that I know (Uh!)

(Verse 1: Dave East)

Talk about murder she wrote  
I grew up around burners and coke  
Young'in get murdered for less  
R-I-P to hundred sixth street still curb'in these hoes  
Pull up on hundredth and ninth  
I'm wild'in, I'm like fuck ya advice  
Streets will just fuck up your life  
Drunk I just might fuck you wife  
Been zipp'in them butter all night, hugg'in the pipe  
Just dipp'in through Jersey  
On my way to Delaware  
Bone crusher motherfucker I ain't never scared  
I hear you repen'in them other block but you ain't never there  
Louis-V on my waist plus the metal there  
Couple rats in the street straight drug money  
I can't blow it all tonight just to plug money  
At '99 my iceberg was all Bugs Bunny  
Lose your life for a bag that's blood money  
Blue rag on the bag that's Cuz money  
Laugh'in at him while we shoot 'cuz he was funny  
In a tub with a young bitch  
40 cal by the toilet, right under the towel  
Couple hollow tips all up in the barrel  
I guarantee she ain't go'in to be on her dumb shit  
Pump piff on the block, where the coke at?  
Seen them chips, started eat'in nigga food 'cuz he spoke back

Uh, pockets feel just like the bank  
Gutter go roll up a stank (stank)  
No limit, pull up in her tank  
Addicted to bitches and dank  
Fuck what you think!  
Always go'in up in my rank

Not tak'in no brakes  
Public hous'in I hate  
Them roaches was all in our place  
Had her fucked over  
Black la costra nostra  
Hopped out the hooptie and coast ya  
Some blood for my soldiers  
I ride for my culture so don't even try to get close-ta  
Pan Amera is my favorite  
Niggas is changing they see I'm go'in to make it  
Ain't give me nothing I figured I take it  
Cut my an onion I'm about to get faded  
Get to the clip and them bitches get naked  
Dodger fans, run down on a nigga like Rodimus  
Go flow, egg one, that's a lot of bread  
Publishing Xanax cover lot of meds  
Cargos on couple rocks in'em  
Brand new Tims I ain't wore yet  
Walking up 1st with the packs flipping
