

# I'll Do Anything

Dave East

[Intro]

[Hook]

I'll do anything to talk to 'lik again  
Just to see him walk the streets again  
Just to see him hit the weed again  
I got a angel, I don't need a friend  
I'll do anything to talk to 'lik again  
I'll do anything to talk to 'lik again  
I got a angel, I don't need a friend  
I'll do anything to talk to 'lik again

[Verse 1: Dave East]

Malik Carter, my cousin could never bother  
I remember smoking, him telling me 'bout his father  
I remember talking about bitches that we could party  
Freaky did Bicardi, I was lit up a Marley  
He was nice in ball, talked shit, had a job and hustled too  
Me, him, and lil was stuck, we ain't know what the fuck to do  
Y'all was playing Madden, betting everything  
Chipotle after hooping, we were smoking even regular green  
Two elevens waking up, Delhi and Dauphin Street  
Auntie always show me love, if she cooking, we all could eat  
You love to rock Polo, never nervous to bag a bitch  
Smoking on your black & mild, I would hate it, be mad as shit  
I was rocking your shirt the night that lil crashed the rental  
Took a trip to North Philly, shit'll really fuck your mental  
Them niggas tried to rob you, caught a graze and came to B-More  
You slept right on my couch, and to my crib you had a key dog  
I miss you nigga, I hear your voice when I be all alone  
Still got your number in my jack, I wanna call your phone  
You tatted on my hands so when they meeting me, they meeting you  
Fell in love with the streets not knowing what the evil do  
And to really tell the truth, Freaky I needed you  
And I ain't scared to die no more, if I go then I'll be with you  
And to really tell the truth, Freaky I needed you  
And I ain't scared to die no more, if I go then I'll be with you

[Hook]

I'll do anything to talk to 'lik again  
Just to see him walk the streets again  
Just to see him hit the weed again  
I got a angel, I don't need a friend  
I'll do anything to talk to 'lik again  
I'll do anything to talk to 'lik again  
I got a angel, I don't need a friend  
I'll do anything to talk to 'lik again

[Bridge: Floyd Miles]

I'll do anything to see my nigga home  
Shit is gettin crazy fuck is goin on?  
Niggas killing niggas, we don't never run  
Live by the gun, die by the gun  
Never thought my nigga'd be gone  
Heaven dont seem so bad  
Fuck them niggas, we gotta be strong  
Coming for everything we never had

[Verse 2: Dave East]

I'd do anything to see my cousin, nigga  
'Cause when he said he loved a nigga, he really loved a nigga  
He ain't dapped me when he seen me, he would hug me nigga  
I ain't making up nothing, we was really out hustling nigga  
You introduced me to Jonesy, that's like my brother  
Miss Michelle, I love her, I treat her just like my mother  
Lil going through it, I told him you up above us  
Nut come up top just to check me, you gotta love him  
Always seen you smile and never mad much  
We was happy just being together, we ain't had much  
You ain't get the chance to have a kid  
You ain't get the chance to cop a Benz  
We ain't get a chance to pop the twins  
We was going to temples parties, perk 30s in us  
I ain't questionin' the Lord, they say His work is never finished  
I just don't understand, I know you was just minding your business  
They caught my nigga slipping, my life done became so different  
I miss him

[Hook]

I'll do anything to talk to 'lik again  
Just to see him walk the streets again  
Just to see him hit the weed again  
I got a angel, I don't need a friend  
I'll do anything to talk to 'lik again  
I'll do anything to talk to 'lik again  
I got a angel, I don't need a friend  
I'll do anything to talk to 'lik again

[Bridge: Floyd Miles]

I'll do anything to see my nigga home  
Shit is gettin crazy fuck is goin on?  
Niggas killing niggas, we don't ever run  
Live by the gun, die by the gun
