Dave East

Hey

Fucking you is all that I've been thinking 'bout  
Fucking you is all, all

I can't go through my day  
Without you crossing my mind  
Them flashbacks be having me  
Going insane  
I need it now I can't lie  
The way you do what you do got me feeling  
Some type of way (some type of way)  
The way you do what you do got me wanting  
You more each day  
Each day, cause

Fucking you is all that I've been thinking 'bout  
Fucking you is all, all

All, all  
The way you do what you do got me feeling  
Some type of way  
Fucking you is all that I've been thinking 'bout  
Fucking you is  
The way you do what you do
