

Never Had Shit

Dave East

A million random niggas ain't worth 10 soldiers, 10 loyal Niggas
Ten niggas that been down, that's going to ride
I wanted money ever since I first seen it
Now I need it, shit like head nigga

Yeah, she's trying fuck with my head, but I won't allow her
I took the risk with the feds for money and power
Call one of the feds We had to reroute it
New window tinted all inside it be clouded
Time to run it up for niggas that doubted
I'm just trying to hit a leg, not trying to be intimate
I told her just get the dick
From the dirt shooter, fade for membership
Blow at the enemy All about Benjamin
Soco for Hennessy, I done got Ben again
I got a bad bad bad bitch
Trying to get mad mad man rich
Open that backpack had bricks
Open that backpack had Molly
I know niggas doing life for a body
It wasn't safe You could die in the lobby
Yellow Louis belt This ain't karate
Knocking pop nigga Killuminati
Trip to Dior my bitch bought a body
Came back to New York her ass bigger
Michael Myers I'll be stabbing her
She going to change when that bag hit her
Running through Louis Vuitton They ain't got my size I might go to sax nigga
Dick on her lips I chapstick her
I do not feel like no rap nigga
I ran that check up for Dolo so I ain't never got to ask niggas

Homies died over shit that we live for
Yellow diamonds looking pissed off
Making deposits no withdrawals
I'm a cornerback when it comes to them racks
That bag will get picked off
Coming up We was piss poor
Bang going on Vince Carter Trevor Lorenzo only feared God
I make a dime give a nick to my daughter
Silent with 12. I talked to my lawyer
You copied me cos I got it before you
One life should I gotta enjoy
My head be wildin' I said they got to deport them
I ain't got it yet I'm trying to afford it
We was them niggas that never had shit
No, no, no. The longer the money the badder the bitch
Oh my section get busy but Nipsey would have me around with niggas at 6 Oh
He come and go get all my money and stay on your shit load
Fuck all the politics

People hate me because they say see that I'm grindin
Said she love me but But I know that she's lying
Free my niggas that be stuck on the island

She giving me head and I'm parking the whip
They watching my stories they copy my drip
I flew in the Cali and took me a trip
