Let's start up an operation
The haters a lot, we facin'
Just need your cooperation
On God, I just gotta taste it
You got that nigga on silent but he DMin' me
Could get him killed but I'm gettin' money, don't need that energy
I'm young, with all this shit I done, I'm O.G
My man be on the phone so I don't call, I send emojis
Pimpin' in my DNA, I'm related to Goldie
Cuban rope like Richard Porter, I'm just tryna eat like Yogi
Ma, you know me

I swear every time you come, I go off
I shot my shot like Kobe, ma, you know me
And every time you leave, I stay gone

Shorty put that nigga on silent
He ain't gotta know we in here wildin'
The song good too, we on that island
It's all good 'til she f*ck O.G
And every time I see her, I go deep
And every time she see me, she go sleep
And every time I need her, she need me
O.G., O.G.
O.G., O.G. (O.G.)

Adolescence was a nuisance
Shit, all of my women unexclusive
Just make 'em wipe me down like I'm Lil Boosie
I got styles like I'm Holiday
Directin' my own movie
We f*cked to Oochie Walley, told Jungle I caught a groupie
Niggas jackin' they security
Punch 'em, they try to sue me
All my friends are dead
f*ck a Draco, I came with a Uzi
Shit be static
Yeah, you gotta pick a side
Knockin' Mary J. Blige, baggin' dimes, still surprised
I don't really need advise 'cause she already know the vibes
Like a kid at the playground, get excited just to slide

Juice box, that shit feel like I'm swimmin'
p*ssy so good I dump all of my women
I got off when I go up in it, you get it

I swear every time you come, I go off
I shot my shot like Kobe, ma, you know me
And every time you leave, I stay gone

Shorty put that nigga on silent
He ain't gotta know we in here wildin'
The song good too, we on that island
It's all good 'til she f*ck O.G
And every time I see her, I go deep
And every time she see me, she go sleep
And every time I need her, she need me

O.G., O.G

O.G., O.G. (O.G.)

Zero hesitation when it come to livin' (Huhn)

Different destinations, you deserve those visits
Started in the orphanage but now you're fortunate (Yes)
[?] be switchin' up all sort of shit (Uh)
I had a home just full of whores on Miami shores
Only exs know what goes on when behind those doors
Follow code, my only feelings come in envelopes (Huhn)
100 grand, rubberband, cold as a Michelob
And you know we get it for the wholesale
See me fishtail in a Porsche, get off my coattail
Yeah

Some girls [?] around
Ain't nothin' better than you and me right now
Ain't nothin' better
Stop starin' in the crowd
I swear there's nothing you can see that you ain't already found (Already fo
