Dave East

Let her talk
I ain't got time
If it ain't about the money
You ain't talking about none
When I come to your town
I ain't walkin' around friendly
So don't worry about nothing
Don't know
I've been running through the globe
Taking bitches off their clothes
You don't worry about nothing
You ain't talking about none

I ain't got time
If it ain't about the money
You ain't talking about none

When I come to your town
I ain't walkin' around friendly
So don't worry about nothing
I've been running through the globe
Taking bitches off their clothes
You don't worry about nothing
You ain't talking about none
These niggaz ain't talkin' about none

I'll be talkin' about hits

I'll be ridin' with a clip

Cause you try to get hit
Burry my check and move the peas to the perk
Take a trip to Puerto Rico
Senoritas wanna perk
I ain't worried about them
But I know they ain't awake
Got motherf*cking gas and it's loaded in the...

I ain't got time
If it ain't about the money

Grandma, hustling and cokins is like Tony Montana
I got a shooter, enough with this hammer
I got a bitch who's in love cause I'm handsome

Bringing some dreams about
No roof on the Porsche
The shower, I'm steaming
All I know is get money and dope
I got a hundred on the table in the living-room
Bitch is in the kitchen
... Bitch, are you testing me?

Talkin' about cookin' up, I got the recipe
These bitches are undressin' me
Think of money I never seen

Even each box has a dream
30 papers shit, never clean
Pulled up in the back, old school girl
Niggaz gonna start shooting until news comes
Thanks, nigga, but I can use a new tongue
Nigga feeling like a new punk

I ain't got time
If it ain't about the money
... you ain't talking about none
When I come to your town
... I ain't walkin' around friendly
I've been running through the globe
Taking bitches off their clothes
You ain't talking about none
About none

If it ain't about the money
You ain't talking about none
... When I come to your town
I ain't walkin' around friendly
... I've been running through the globe
