Break it down, break it down  
Break it down, break it down  
Mike & Keys  
Break it down, break it down  
Un-un-un-unbelievable  
Crime-Cr-Cr-Crime family  
Un-un-un-unbelievable  
Please forgive me for all the sins I already committed  
Like the Genovese  
Un-un-un-unbelievable  
They look down upon us with forgiveness  
For the sins we gon' commit in the future  
They understand no one is perfect  
But we try, Lord  
We try  
We try to keep our heads up in bad times  
Show us the way  
And if you can't show us the way, forgive us for bein' lost

When I walk in and the buildin' screams fill up them jeans  
Raised around functionin' fiends, death such accustomed scene  
Crime family like the Genovese but I got NFTs  
Good Mornin' America, I'm high as fuck on NBC (Woo)  
How did I get here? Banshee, threw it in 5th gear (Bam)  
Virgil Jordan 1s, red and black, I got like 6 pairs  
My wrist wear cool my body, 6E with Pooch and Lotti (Uh)  
Never sold my soul or read no contract for Illuminati (Not one)  
I illuminate the room without a thousand goons  
Rat police they watch the news then follow cars they crash to move (Skrtrt)  
Problems seem to follow us, it's proven that the trenches get more sentences  
than scholarships  
It's different sets and politics (Rollin')

I'm Ice Cube, I'm Keenan Ivory Wayans in Low Down Dirty Shame  
Shorty look like Jada Pinkett that don't mind ridin' the train (Don't Mind)  
We are not the same, that little thought? Just get it out your brain  
EA Sports when it comes to extortion, it's in the game (Nikka)

Most the killers that I know ain't got no Instagram  
Most the hitters than I know ain't got no Twitter (The ain't got it)  
Most the gangsters that I know don't be on TikTok (They ain't gon' learn)

Claimin' you a killer? Every day you postin' pictures  
(Unbelievable)

Uh, still blowin' smoke off the sofa  
Chieffin' off the Keef, feel like SOSA  
Before we hit the streets, meet the chauffeur  
Like Offset, I do it for the culture  
But I'm more like Pennywise meets the Joker

And here's another verse to feed ya vultures  
The social media? Just mediocre  
And that ain't la vida loca  
If they are what they eat, they eatin' chocha  
I keep my friends close and my frenemies even closer  
See this is for disclosure  
My bars pourin' pain mixed with juice, this mimosa  
A little food for thought, this is Kosher  
A gangsta ain't a runner, that's a gopher  
Some killers use a hanger as a holster  
Or a banger? That's a poker  
If this is our thing like Costra Nostra  
Gang gang without gangbang, I hit my loca  
East, yeah, yeah, you know us  
I'm rootin' for the home team, like, "Go us"  
Got shooters actin' boujee with they nose us  
Nobody showin' out, found? Show up  
Get bust down, the price about to go up  
Get strung out on the Meth, I mess your goals up  
That Keenan Ivory Wayne, Low Down Dirty Shame  
Paper-thin like MC Lyte when she was ridin' on that train  
We are not the same, hit your Xbox, we are not a game  
Iron lung on tracks curlin' iron, look, I'm hot again
