What Looks Best On You

Dave Edmunds

I can tell you when I'm for fashion By those counts off from Paris and Rome

You can look like a queen in diamonds or jeans but what would look the best on you is me

You've got all of the boys in town going They all stop when you walk down the street

In the T-shirt or less ,
night and day out of blitz,
but what would look the best on you is me

I ain't got enough class to risk even one past Ou I know it 'll be nice If you took this advice

In the T-shirt or less, night and day out of blitz, but what would look the best on you is me what would look the best on you is me what would look the best on you is me....
