

Enough Hope

Dave Hause

Don't it kind of make you laugh just to watch them try
We sold them a crumb and then we ate the whole pie
They fell in love with the mob so they put us in charge
We'll step on their hands when they reach to the bars

Just give 'em enough hope
Just give 'em enough hope
If you give 'em enough hope
They'll hang themselves

They've got the land of milk and honey in their pocket on a screen
Through an opioid daze they can't tell it's out of reach
Bring the price of gas down and the working man back
We've got a place that we can sell them if they'll believe that

Just give 'em enough hope
Just give 'em enough hope
If you give 'em enough hope
They'll hang themselves

When they tell you that a rust belt's around their arms
Tell 'em pull up their boot straps and save the farm
It kinda makes you laugh when they bounce their checks
Turning blue from a collar tied around their necks

Just give 'em enough hope
Give 'em enough hope
Give 'em enough hope
(Don't it kinda make you laugh just to watch them try)
Give 'em enough hope
(Don't it kinda make you laugh just to watch them try)
Give 'em enough hope
(Don't it kinda make you laugh just to watch them try)
Give 'em enough hope
(Don't it kinda make you laugh just to watch them try)
Give 'em enough hope
(Don't it kinda make you laugh just to watch them try)
Give 'em enough hope
(Don't it kinda make you laugh just to watch them try)
They'll hang themselves
