Sandy Sheets

Dave Hause

You were like a ladder to the clouds
Never wanna come back down
It was easy when it was easy

Stumbling through your beachside town
Laughing at the boardwalk clowns
It was easy when it was easy

Dollar gasoline, your lips and sunscreen

We were wild in the Jersey heat
You had Hey Jealousy on repeat
We'd hide out on the beach
Let me remember you when it was easy
Let me remember you when it was easy

Lightning over dark summer clouds
You could smell the rain before it comes down
Watched your eyes glow zoning out at the late show

Your champagne taste but my budget was beer
By October we would crack the veneer
Our last few rendezvous we couldn't hold on to

Dollar ice cream, your lips in my dreams

We were wild in the Jersey heat
You had Hey Jealousy on repeat
We'd hide out on the beach
Let me remember you when it was easy
Let me remember you when it was easy
When it was easy

Aching with me
Aching with me

We were wild in the Jersey heat
We had Just Like Heaven on repeat
We'd hide out on the beach
Wild in the Jersey heat
We had True Believers on repeat
Hiding out on the beach

Under the moon
Your sandy sheets
Under the moon
Your sandy sheets

Let me remember you when it was easy
Let me remember you when it was easy
When it was easy

Aching with me
Let me remember you when it was easy
Aching with me
